

# Buckinghamia celsissima (Ivory Curl Tree)

The long creamy re-curved flowers are borne in autumn, have a wonderful fragrance and are also attractive to birds and bees. The leaves are glossy dark green, and either lobed or entire, with new growth flushed pink. Spectacular in flower, they bear long showy sprays of sweetly fragrant, creamy-white flowers in summer.

**Type:** Tree to 10m  
**Aspect:** Full Sun/Part Shade  
**Soil:** Well-drained  
**Habitat:** Wet Sclerophyll
