

# Disaster Preparedness

## Workshop for Sport and Recreation Groups

In 2019, workshops are being held throughout the Gympie region to assist not for profit community and sporting groups prepare for disaster events.

Come along to a free interactive workshop presented by Gympie Regional Council in conjunction with Queensland Fire and Emergency Services (QFES).

**Is your sporting or recreation group ready for a major emergency event?  
What's your disaster and recovery plan?  
What funding and support is available?**

- How would different extreme weather events impact your organisation's activities?
- What does your club's insurance cover?
- What can members do now to reduce risk?
- Who has keys to your clubhouse in an emergency?
- What if you lose power for a week?
- What if your facility is damaged?

Workshop these issues and more so your organisation has a plan of action for before, during and after a disaster.

For more information contact Council on 1300 307 800 or email [disaster@gympie.qld.gov.au](mailto:disaster@gympie.qld.gov.au).

Thursday 13 June 2019

5.30pm – 8.00pm

Gympie Civic Centre  
32 Mellor Street, Gympie
