

## Elaeocarpus grandis (Silver (Blue) Quandong)

Beautiful, straight fast-growing tree forming buttress roots, usually along watercourses. Whitish bark. Old leaves turn red before falling. Shiny dark green foliage and white flowers in autumn to winter. The edible bright blue fruit attract birds and bats. Good timber. Drought and frost susceptible!

**Type:** Tree 15+m  
**Aspect:** Full sun/Filtered sun  
**Soil:** Moist  
**Habitat:** Adaptable
